### Why Ganesh Festival is a festival of Hope & Prosperity

One of India's most popular celebrations, Ganesh Chaturthi, is filled with charisma, celebration, and divinity. All castes, faiths, and creeds are inclusive of this event. The lovely statue of Lord Ganesha always comes to mind as we celebrate this festival. The air is filled with excitement, people, the smell of his favourite prasada modak, and the chanting of "Ganapati Bappa Morrayya." He is regarded as the DEITY of brand-new beginnings, the remover of obstacles, and the supporter of education. The ten-day festival serves as a social and communal gathering place that fosters harmony in addition to being a religious celebration.

### Mystical Facts about Lord Ganesha:

1. **Elephant Head** – Ganesha's Elephant head symbolises wisdom, understanding and a discriminating intellect that one must possess to attain perfection in life.
2. **Large Ears** - They signify a patient listener who absorbs all knowledge.
3. **Trunk** - Ganesha's Trunk symbolises Adaptability & Efficiency.
4. **Large Stomach** – It represents the ability to digest all good & bad in life.
5. **Mouse as a vehicle** – The mouse signifies Ganesha's ability to control desires and ego.

Maharashtra is the state where Ganesh Chaturthi is most popular for historical, cultural, and social reasons. Bal Gangadhar Tilak, a well-known freedom fighter, brought the celebration back in the nineteenth century. He saw the festival's ability to unify people from many ethnicities and castes in India's independence movement. Thus, this celebration has become a community event rather than a private family gathering.

In the UK, Ganesh Chaturthi is a celebration of culture, inclusivity, togetherness, and diversion rather than just an occasion for worship. In addition to bringing the Marathi community together, its lively and welcoming atmosphere also promotes harmony and togetherness among all of its members.
